Ibn Khaldun Postdoctoral Fellowship for Saudi Arabian Women

The Center for Clean Water and Clean Energy at MIT and KFUPM is pleased to invite nominations for the Ibn Khaldun Postdoctoral Fellowship. The Ibn Khaldun Fellowship is open to women who are Saudi Arabian citizens and who hold an earned doctorate in engineering or science. One fellowship is awarded each year. The Ibn Khaldun Fellow will have the opportunity to spend one year at MIT conducting research with MIT faculty. The Fellowship will pay a stipend of $50,000 with an allowance of $10,000 for travel and/or research related expenses.

Candidates for the fellowship should be nominated by their Institution. Nominations should include:

- The candidate’s curriculum vitae
- Three letters of nomination, including one from a department head or dean, and at least one from the faculty of the nominating institution.
- A statement by the candidate of the type of research which they would like to conduct (not to exceed five pages)
- A transcript of the candidate’s grades in their graduate program

Nominations must be received four months prior to desired research start date. Nomination packages should be sent in electronic format to:
